Road Toll Refund Program

Hello Fellow Snowmobilers,

Every year our club participates in the gas tax refund program. We will receive \$.18 for every gallon of gas used in our snowmobiles.

Here's all you have to do:

1. Save your gas slips from **New Hampshire** and **write your name** on each slip.
2. Make sure the **number of gallons** purchased appears on the slip along with the **name of the gas station**. Some stations in the North Country often do not have this info on the receipt. You may hand write this info if necessary.
3. On or before May 1st, send your gas slips to Leah Sackett in the addressed envelope along with the **Road Toll Refund Assignment** form. Please do not write in the number of gallons used. I will compute this when all slips are collected. Please write the **year, make and model** of your snowmobiles plus **your registration numbers** where indicated on the form, **sign and date**.

So, **PLEASE SAVE YOUR GAS RECEIPTS!** This could be an easy moneymaker for the club if everyone turns in their slips.

HAPPY SNOWMOBILING!!!
